VILLAGE OF SLOCAN NOTES – September 2025

- The Village of Slocan consented to the Board of the Regional District of Central Kootenay adopting Bylaw No. 3055 being “Slocan Valley Fire Protection Service Area Establishment Bylaw No.3055” which expands the fire protection service area.
- Interfor is planning a cut block and road development upstream of Springer Creek water licenses held by the Village of Slocan. Information will be posted on social media and in the newsletter.
- A letter of support will be provided to the Legion for the Senior’s Horizons Grant application on the condition that a full flooring plan (including costing and contract selection) be brought to the Legion Building Committee for approval prior to commencing the project.
- The “What We Heard Report”, an in- depth review of the “Imagining Slocan’s Waterfront Commons” public process, by ARC Engagement, will be moved to open meeting. The Report will be posted to the website for viewing.
- Work on the Breakwater will tentatively start this fall. Work notices will be posted once the start date has been confirmed.
- Bi- annual fire inspections will be taking place in mid-October. Local businesses have been contacted.
- Please email info@villageofslocan.ca to volunteer for the Village of Slocan’s 125th Birthday planning committee.

Please note that Interfor is planning cut block and road development in Forest License A20192 Cutting Permit 304, which is within an area that is upstream of water licenses (C133545 and C028412) on Springer Creek, held by the Village of Slocan.

The Forest Stewardship Plan was made available for Public Review and Comment for a period of at least 60 days prior to submission to the delegated decision maker for his approval. In order to facilitate meaningful discussion and consideration of Backcountry Operators interests within the proposed development areas, Interfor is prepared to meet with potentially affected licensees. The purpose of these meetings will be to ensure all relevant and reasonably available information has been considered and specifically to ensure that any proposed remedial measures do not conflict with other licensees interests. To ensure consideration of comments by Interfor, all written comments must be received before **4:00 p.m. P.T., October 22, 2025.** In the meantime, if you are interested in meeting to review these plans with Interfor representatives or have questions or comments regarding the proposed development, please contact Megan Phipps, RPF at megan.phipps@interfor.com or 250-608-5805.
